BUSINESS ADMINISTRATION FOR ENGINEERING
MINOR DECLARATION FORM

Undergraduate Business Administration Program

The minor in Business Administration for Engineering is intended for engineering students who wish to focus on business courses related to operations, supply chain, quality management, and engineering project management. A total of six courses are required.

FIVE REQUIRED COURSES

- 73-100 Principles of Economics
- 70-371 Operations Management
- 70-471 Supply Chain Management
- 21-292 Operations Research (or 21-257, Models & Methods for Optimization)
- 70-460 Mathematical Models for Consulting (or 70-474, Quality Management & Productivity)

ONE ENGINEERING PROJECT MANAGEMENT ELECTIVE COURSE, chosen from the following:

- 06-421 Chemical Process Systems Design
- 12-411 Project Management for Construction
- 18-510 Sensor Systems Design
- 18-525 Integrated Circuit Design Project
- 18-540 Rapid Prototyping of Computer Systems
- 18-549 Embedded Systems Design
- 18-578 Mechatronic Design
- 19-451/452 EPP Projects
- 24-370 Engineering Design I: Methods & Skills
- 24-399 Professional Development II
- 42-402 Biomedical Engineering Design Project

ELIGIBILITY FOR DECLARING THE BUSINESS FOR ENGINEERING MINOR

- Have earned at least 75 units, or have sophomore year status;
- Have completed at least two courses for the minor, with a GPA of at least 3.0 with those courses.

POLICIES

- No more than two minor courses may double-count toward a student's major core requirements or an additional minor's core requirements;
- One course may be transferred from another university and count toward the minor; advisor approval is required, and the final grade of the course must be a B or better.

TO DECLARE

- Submit this form with a copy of your academic audit for your primary major to Tepper undergraduate office 139;
- There is no declaration deadline; students may declare once they are eligible;
- Students will be notified of the approval by e-mail within two weeks.
